

BEAR
ROBOTICS

Powered by *Lasatron*®

**FACTORY QUALITY
WHEEL ALIGNMENTS
in YOUR SHOP!**

***BEAR Robotics Wheel Alignment Systems
are more accurate than Projection Systems,
or any other available system.***

The BEAR Robotic Wheel Alignment System was "Born" in the Car Factories of the world, where two elements are critical: *Fast Results and Consistently Reliable Results.*

The BEAR Robotic System gives automotive shops the ability to have the same cutting edge technology as the world's vehicle manufacturers at affordable prices while achieving factory performance and accuracy.

Your shop will get the job done right, the first time and every time with the BEAR Robotic Wheel Alignment System.

***The Bear Robotics Wheel Alignment Systems
are changing the "Rules of the Game".***
